

Your guide to program rates at Hazelden's Maple Grove clinic

At Hazelden, clients and families are able to turn down the noise of the outside world and focus on making physical, emotional, spiritual, and behavioral changes that build lifelong recovery from addiction.

Every treatment plan is individualized, so the cost of care will vary by client. A financial case manager is available to answer your questions regarding costs and insurance coverage. Hazelden is an in-network insurance provider for many major insurance carriers. Some financial assistance may be available to those who qualify.

Intensive Outpatient Program

The intensive outpatient program helps adults balance work and family obligations while receiving top-notch integrated clinical services for alcohol and drug addiction. The six-week program meets three days a week and includes assessments and education, lectures, and group and individual counseling with Hazelden clinicians, focusing on One through Three of the Twelve Steps.

Session rate

\$294

Extended Outpatient Program

The extended outpatient program offers a less intensive treatment model that focuses on living in emotional balance and concentrating on Steps Four through Nine. Intended as a continuation of care, participants must have completed a prior level of treatment that focused on Steps One through Three. Next step for continuing care is typically a Continuing Care Group. (16 sessions)
